

# GRAD PHOTOS

Congratulations! This is your year and your moment. Capture the excitement in your grad photos. You will look back on them for years to come.

We have outlined a few simple suggestions to ensure that your photos will say it all.

## Your Photo Session

You will be photographed by two photographers in your photo session. From start to finish the two sets will take 15-20 minutes.

Your first set of photos will be your casual, contemporary photos, so please arrive in your casual attire. You can bring any special props or ideas you may have for the casual photos. If you are unsure about what is allowed please speak with your grad sponsor or the photographer the day before your portrait sitting.

After the casual, it is time to move into the formal sessions where your head and shoulder photos are taken.

## Appointments

Reserve an appointment for your photos online using the link provided by your school.

Appointment changes can be made by emailing customer care...

## Grooming and Attire

During your grad portrait sitting, we will take approximately sixteen photos. The following are simple tips for a great photo

### Clothing (Casual photos)

- ✓ You may bring one or two changes of clothing
- ✓ Keep clothes neatly pressed and on hangers
- ✓ Avoid busy patterns, stripes and clothing with large logos
- ✓ Wear solid, medium to dark colours

### Clothing (Formal photos)

- ✓ Girls should wear V-neck shirts for under the gown
- ✓ Guys should wear a collared shirt and tie matching your school colours (ties and shirts are available if needed)

### Hair

You will want to look and feel comfortable, and you should feel great about your hair.

- ✓ Don't experiment with different hairstyles on photo day
- ✓ Hair cuts (we only recommend trims) should be done at least a week prior to your appointment
