6. **New Business**

   Madden Wicker presented his project for a mural. It is a service in action project from his Social Justice 12 class.

   Submitted proposal to our school to make a large mural on a large outdoor school wall. School diversity, inclusion, and school pride. Mural is a positive and creative way. Feeling welcome and included is important to Maden because he knows what it feels like. He wants other kids to feel welcome and included too. Building empathy, respectful school environment, and improving social and emotional well being of students and administration. Lots of other schools have murals. Most were painted by Artist Kerry Lynn Victor. Hoping for PAC's support.

   PAC unanimously supported this proposal in theory.

   We will have a formal motion once we get more info about costs.
